

Thermoshield - Quality Policy

We at Thermoshield take pride in providing the best that Australia has to offer in the manufacture of liquid thermal insulating products.

We are a progressive full-service quality driven organization dedicated to services and products resulting in positive customer experiences.

We are therefore committed to the effective quality management program that governs our attitude and action in quality matters and will benefit our community, our stakeholders, the employees, and the customers.

Thermoshield's reliable engineering technologies and in house scientists ensures the product meets the changing needs and expectations of their customers and any other applicable requirements.

Thermoshield is committed to continuing improvement of its products and services to achieve increased customer satisfaction as well as to ensure compliance with the requirements of the Quality Management Standard 9001:2015.
